Denison University

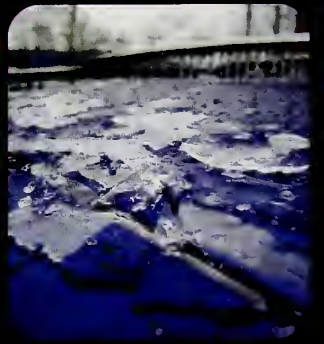

transitions
2008-2009

To better capture the essence of a school year at Denison, this year's book has been organized a little differently. Instead of trying to section off the many aspects that comprise the Denison experience, we have decided to let the days and events of the the year guide us in designing our book. Like transitions of Ohio's seasons, a year at Denison holds many changes some surprising and unexpected, reflecting how a school year truly unfolds.

*The Office of Campus and Residential Life is dedicated to providing an environment for students that supports and enhances the academic mission of the university. The goal is to offer a standard of living that is conducive to communities in which the following values are shared and celebrated: dignity, equity, integrity, communication, learning, and personal wellness. A healthy living environment where students will learn about themselves and one another is promoted.

Homestead

The Homestead is a living-learning experience unique among American colleges and universities. It is a student-run intentional community with a focus on ecological sustainability.

Twelve students per semester live and work together in pursuit of a more ecologically sustainable lifestyle. Homesteaders also work to promote their projects, lifestyle, and ideals to non-members.

ZUMBA GO OUT!

Mondays &
Wednesdays
4:45-
5:45

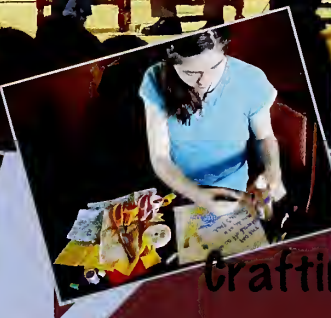

Zumba is a fusion of Latin and International music that combines Latin dance steps with whole body fitness movements. This aerobic fitness program is based on the principle of interval training where the heart rate increases and decreases throughout the workout, enabling participants to burn a lot of calories AND get fit!

Religious Life

The Office of Religious Life is dedicated to fostering religious understanding and spiritual development within the Vanison community. We support students for the full and respectful expression of all recognized religious traditions. In support of our diversity, we also offer inter-religious dialogues and activities which are central to the mission of the College.

spotlight: Denison Progressive Alliance

Co-Presidents: Caiti Schroering and Amanda Dever

Treasurer: Lisa Schilansky

Faculty Leadership: Linda Krumholz

Purpose: The Denison Progressive Alliance is a unified voice for progressive member organizations, faculty, and students. We advocate for social and environmental responsibility through education of our ideals, facilitation of communication, and coordination of events between member organizations as well as assisting individual organization efforts. The coalition encourages critical thinking and discussion in addition to effective organizing and leadership. This organization is open to all students, faculty and staff. We meet once every month and have an activism committee that meets separately to work on a campaign of its own. We also further individual group campaigns and aim to show Denison students the connections between them and different issues.

senior messages...

Maddie,
 Congratulations on graduating on the Dean's List with a double major of Spanish and Art History. You have certainly maximized your experience at Denison University, spending 2 years as the editor of the "Adytum" Yearbook, serving on the Panhellenic Board, being the house manager of the Delta Gamma sorority and leading in the remodeling of two rooms. In addition you spent a wonderful semester in Madrid, Spain, where you explored and discovered a new world and perfected your Spanish language skills. We are so proud of you and all you have accomplished during your four years at Denison. There is a saying "Real leaders are ordinary people with extraordinary determination." Maddie, you are a shining example of a talented and organized leader. We love you and know that you will have a very bright and exciting future, regardless of which path you choose.

With all of our love, Mom, Dad,
 William and Eloise

Letter from the Editors:

This year we tried something new- a chronological yearbook. This journey brought ease in some areas and great challenges in others; however, in the end we love the direction the Adytum is taking. This project would not have been possible without the help and guidance of our advisor, Natalie Pariano, and to her we give our greatest thanks. Although she did not always enjoy our idea of 'weekly meetings', she consistently kept us on task and we will miss her spunk as this year's project comes to a close.

Thank you also to Robin Fritts, our Jostens Representative, for all of his assistance and ability to find the answers to our many questions. We would also like to thank our staff for putting up with us constantly changing our minds and altering pages in an attempt to create a continuous theme.

Obtaining photos, surprisingly, is one of our greatest challenges, and therefore special thanks goes to James Hale in the University Communications office and Craig Hicks in the Athletic Department. Many students also contributed immensely to the success of the book. Thank you Amy Royse Brown, Meredith Atwood, Gretchen Wells, Colleen Henegan, Jack Pearson, Yue Nakayamo, Corallina Breuer, Brad Williams and others for uploading to the website.

Special thanks goes to our family, friends, and roommates who had to deal with our hours upon hours spent working in front of a computer screen and who consistently showed support of our effort, goals, and final product.

Thank you to all those who assisted in the production of this book, and also to those who purchased it. Hope you enjoy the finished product!

-Meaghan Martin & Emily Ernes
